DAILY STATUS REPORT

To:	Mrs. Srishti Srivastava
From:	Aakash
Subject:	Weekly Status Report
Date:	17/12/16
Time Spent :	1.5hr(10pm-11.30pm)

ACTIVITIES DONE TODAY
• Search for the Python Library that could fecilitate the mathematical computation including those related to geometry like , interection of lines, distance betweenn lines and point and so on.   • Library found "Sympy".   • Spent time on trying the features of the library and testing if all the operations needed for the implementation of the algorithm are available .

ACTIVITIES TO BE DONE TOMORROW
➢ Implementation of the algorithm : Phase 1 – Extraction of the center line .
